March 20, 2026

The Honorable Tom Cole  
Chairman  
House Appropriations Committee  
H-307 The Capitol  
Washington, DC 20515

The Honorable Rosa L. DeLauro  
Ranking Member  
House Appropriations Committee  
1036 Longworth House Office Building  
Washington, DC 20515

Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Caldwell County Water District – KY Highway 293 Pressure Zone Upgrades Project in Fiscal Year 2027. The entity to receive funding for this project is the Caldwell County Water District, located at 118 W. Market Street, Princeton, Kentucky, 42445.

This project would construct a new 250,000-gallon elevated water storage tank and a 200 gallons-per-minute booster pumping station to establish a new pressure zone along the KY Highway 293 corridor. The primary objective of the project is to relieve excessive demand on the existing Dalton Road Tank pressure zone and to reduce strain on the Hopkinsville Road Tank zone by creating a new, hydraulically balanced pressure zone. Current infrastructure limitations result in operational stress on storage and distribution assets, contributing to reduced system resiliency and elevated water loss.

This project has a federal nexus because it is for the purposes authorized in Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that neither I nor anyone in my immediate family has any financial interest in this project.

Sincerely,

James Comer  
Member of Congress
