Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Monroe County Water District System Improvements Project in Fiscal Year 2027. The entity to receive funding for this project is the Monroe County Water District, located at 205 Capp Harlan Road, Tompkinsville, Kentucky 42167.

The project is an appropriate use of taxpayer funds because it would enhance operational efficiency, system resiliency, and long-term service reliability. The project integrates three key improvement components: district wide meter replacement, installation of permanent backup generators, and construction of a new transmission main to support hydraulic needs and future growth

This project has a federal nexus because it is for the purposes authorized in Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that neither I nor anyone in my immediate family has any financial interest in this project.

Sincerely,

James Comer  
Member of Congress
