Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Henderson Water Utility Biosolids Reduction Project in Fiscal Year 2025. The entity to receive funding for this project is the Henderson Water Utility, located at 111 Fifth Street, Henderson, Kentucky, 42420.

The project is an appropriate use of taxpayer funds because it would upgrade the outdated sludge treatment technology at the Henderson Water Utility's North Wastewater Treatment Plant with screw presses to enhance overall performance and reduce operational costs for HWU and its ratepayers.

This project has a federal nexus because it is for the purposes authorized in Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor anyone in my immediate family has any financial interest in this project.

Sincerely,

James Comer  
Member of Congress
