May 10, 2024

The Honorable Tom Cole
Chairman
House Appropriations Committee
H-307 The Capitol
Washington, DC 20515

The Honorable Rosa L. DeLauro
Ranking Member
House Appropriations Committee
1036 Longworth House Office Building
Washington, DC 20515

Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Springfield Industry Park Waterline Improvements and Elevated Tank Project in Fiscal Year 2025. The entity to receive funding for this project is the Springfield Water and Sewer Commission, located at 603 W. Main Street or P.O. Box 307, Lebanon, Kentucky, 40069.

In the past three years Washington County has experienced residential growth as well as the addition of two significant industries with large water needs. For these reasons, the project is an appropriate use of taxpayer funds because it would create a separate pressure zone for the industrial park and construct a 500,000-gallon storage tank to provide additional storage for the entire system

This project has a federal nexus because it is for the purposes authorized in Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that neither I nor anyone in my immediate family has any financial interest in this project.

Sincerely,

James Comer
Member of Congress
