Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Lebanon Water Works Northside Water Storage Tank Project in Fiscal Year 2025. The entity to receive funding for this project is the Lebanon Water Works Company, located at 120 S Proctor Knott Avenue, Lebanon, Kentucky, 40033.

The project is an appropriate use of taxpayer funds because it would construct a new elevated water storage tank to provide sufficient storage for Lebanon's entire customer base and to better serve their growing industrial base. This funding would also construct an emergency connection with neighboring Washington County to enhance opportunities for regionalization.

This project has a federal nexus because it is for the purposes authorized in Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that neither I nor anyone in my immediate family has any financial interest in this project.

Sincerely,

James Comer
Member of Congress
