RE: Letter of Support Campbellsville University Community Fund Project

Dear Representative Comer:

I write to express my support for the application by Campbellsville University to request \$950,000 for a Community Fund Project earmarked for federal fiscal year 2023.

This funding, which will be matched by Campbellsville University, will begin the implementation of the Student Technology Project phase of the technology upgrade of the Campus Administrative Enterprise Resource Planning (ERP) System. This will replace a 22-year old system that is currently a hindrance to daily operations in several ways. An updated system will provide an uninterrupted user experience for all stakeholders at a reduced technology cost.

I strongly support Campbellsville University's request for funding for the ERP. Thank you for your thoughtful consideration of this matter. Please feel free to contact me if you have questions.

Sincerely,
