Washington, D.C. 20515-1701

Dear Representative Comer:

As the state senator representing the commonwealth's 2<sup>nd</sup> Senate District, I write to express my full support for the application submitted by the Merryman House Domestic Crisis Center for funding through the Community Project Funding program.

The requested funding will allow for the construction of a much-needed sidewalk along KY 1310 (Berger Road). This construction will greatly enhance the safety of the roadway for pedestrians, including the Merryman House residents, who must currently walk in the roadway to access public transportation and other amenities.

The Kentucky Transportation Cabinet has allotted funds in its 2022 Fiscal Year maintenance budget and committed \$100,000 to this project.

Thank you for your consideration of this application. Please do not hesitate to reach out if you need any additional information.

Sincerely,

Danny Carroll  
State Senator

Dear Representative Comer:

Please accept this letter as my full support for the application filed by the Merryman House Domestic Crisis Center through the Community Project Funding Program.

Funds from this program would allow for improvements to a section of KY 1310 (Berger Road) by allowing the addition of sidewalks on this narrow road. This addition would allow for safer movement on that road for pedestrians and would prove to be beneficial to the residents of surrounding residential areas, as well as the residents at the Merryman House.

Dear Representative Comer:

Please accept this letter of support for the application filed by the Merryman House Domestic Crisis Center through the Community Project Funding Program.

The funds from this program would allow for improvements to a section of KY Highway 1310, Berger Road, by allowing the addition of sidewalks on this extremely narrow road. Reducing the danger of walking along that road will certainly be beneficial to the residents of the various neighborhoods, as well as the clients of the Merryman House.

Please do not hesitate to contact me should you have any questions.

Sincerely,

Dear Representative Comer:

Please accept this letter of support for the Merryman House Domestic Crisis Center's application for funding through the Community Project Funding program.

Funding obtained from this program would allow for the addition of sidewalks to a section of KY 1310 (Berger Road). KY 1310 is an extremely narrow road, and the construction of the sidewalks would greatly enhance the safety of the roadway. These additions would be very beneficial for the Paducah area, especially the clients of the Merryman House.

Thank you for your consideration of this matter. As always, do not hesitate to contact me should you have questions or if I may be of further assistance.

Sincerely,

Dear Representative Comer:

I write to extend my support of the Merryman House Domestic Crisis Center's application for funding through the Community Project Funding Program.

Funds obtained from this programs would allow for improvements to a section of KY 1310 (Berger Road) by allowing the addition of sidewalks to this extremely narrow road. Currently, residents at the Merryman House must walk in the roadway to US 45 (Lone Oak Road) to access public transportation and other amenities.

I appreciate your consideration on this matter. If I can be of any further assistance to you, please do not hesitate to contact me at (502) 564-8100, Ext. 59308.

Dear Representative Comer,

This letter is to confirm support from myself and the Paducah Board of Commissioners for the Merryman House Domestic Crisis Center's application through the Community Project Funding program.

Receiving funds from this program would be used to enhance a section of KY 1310 (Berger Road) through the addition of sidewalks. Berger Road is a narrow road with limited sight distance for drivers. Residents of Merryman House and those who live in the surrounding neighborhoods must walk either in the roadway or in the right-of-way to U.S. 45 (Lone Oak Road) to access public transportation and other amenities including a shopping center with pharmacies and a grocery store. This project would construct a sidewalk along Berger Road allowing pedestrians to safely access the goods and services they need. Safety is our utmost concern and this project accomplishes many goals in that regard.

I have been informed that Kentucky Transportation Cabinet (KYTC) District One is committed to providing funds to construct a portion of the project. Chief District Engineer Kyle Poat and I speak often about opportunities to improve the safety and functionality of our roadways and adjacent sidewalks to improve quality of life and accessibility.

Thank you for your consideration of Merryman House's application. If you have any questions, feel free to reach out to me at [gbray@paducahky.gov](mailto:gbray@paducahky.gov) or by calling my office at 270-444-8504.

Sincerely,
