MIKE WILSON
MAJORITY WHIP

March, 17 2026

Congressman James Comer
2410 Rayburn House Office Building
Washington, D.C. 20515

Dear Congressman Comer,

I am writing to express my strong support for the Todd County Fiscal Court's proposed project to construct a Public Safety Center/Joint Emergency Services Building. This initiative represents a critical investment in the safety, security, and well-being of all Todd County residents.

The planned facility will serve as a centralized hub for essential public safety services, including the Elkton Volunteer Fire Department, Todd County EMS, Todd County 911 Dispatch, the Emergency Management Office, the Floodplain Coordinator, and Mapping Personnel. Consolidating these services under one roof will significantly enhance inter-agency coordination, improve emergency response times, and ensure a more efficient deployment of resources during both routine incidents and large-scale emergencies.

As Todd County continues to grow and face new challenges, including natural disasters, public health threats, and infrastructure demands, the need for a modern, integrated emergency services facility has never been greater. The proposed building will not only provide dedicated, purpose-built space for each department, but will also be equipped with updated communications systems and real-time response technology essential for effective emergency management and public safety planning.

This project demonstrates a forward-thinking commitment to safeguarding the community through improved service delivery, enhanced disaster preparedness, and operational efficiency. I commend Todd County for its proactive leadership and fully support the development of this vital Public Safety Center. Sincerely,

A handwritten signature in black ink that reads "Mike Wilson". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

The Honorable James Comer
United States House of Representatives
2410 Rayburn House Office Building
Washington, D.C. 20515

Dear Representative Comer:

This letter is submitted in support for Todd County Fiscal Court's request for a Community Project Funding grant to construct a Public Safety/Joint Emergency Services Building.

If approved, the planned facility will serve as a centralized hub for essential public safety services, including the Elkton Volunteer Fire Department, Todd County EMS, Todd County 911 Dispatch, the Emergency Management Office, the floodplain coordinator, and mapping personnel. Consolidating these services under one roof will significantly enhance interagency coordination, improve emergency response times, and ensure a more efficient deployment of resources during both routine incidents and large-scale emergencies. This initiative represents a critical investment in the safety, security, and well-being of all Todd County residents.

As Todd County continues to grow and face new challenges, including natural disasters, public health threats, and infrastructure demands, the need for a modern, integrated emergency services facility has never been greater. The proposed building will not only provide dedicated, purpose-built space for each department, but will also be equipped with updated communications systems and real-time response technology essential for effective emergency management and public safety planning.

Thank you for consideration of this request. If you need further information, please contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Jason Petrie".

Congressman James Comer
2410 Rayburn House Office Building
Washington, D.C. 20515

Congressman Comer,

I am writing to express my dedicated support for the Todd County Fiscal Court's proposed project to construct a Public Safety Center/Joint Emergency Services Building. This initiative represents a critical investment in the safety, security, and well-being of all Todd County residents.

The planned facility will serve as a centralized hub for essential public safety services, including Elkton Volunteer Fire Department (covers 60% of county), Todd County EMS, Todd County 911 Dispatch, Emergency Management office, the Floodplain Coordinator, and Mapping Personnel. Consolidating services under one roof will significantly enhance inter-agency coordination, improve emergency response times, and ensure a more efficient deployment of resources during routine incidents and large-scale emergencies.

As Todd County continues to grow and face new challenges, including natural disasters, public health threats, and infrastructure demands, the need for modern, integrated emergency services facility has never been greater. The proposed building will not only provide dedicated purpose-built space for each department but will also be equipped with updated communications systems and real-time response technology essential for effective emergency management and public safety planning.

This project demonstrates a forward-thinking commitment by city and county officials in safeguarding the community through improved service delivery, enhanced disaster preparedness, and operational efficiency. I appreciate your consideration of this opportunity for our community to meet the needs of our community.

Sincerely,

A handwritten signature in black ink, appearing to read "Arthur Green", written in a cursive style.

5 March 2026

To: Congressman James Comer
2410 Rayburn House Office Building
Washington, D.C. 20515

From: Todd County Emergency Management

Subject: Todd County Public Safety Center-Joint Emergency Services Building Project Endorsement

1. Request your support for Todd County Fiscal Court's proposed Public Safety Center-Joint Emergency Services Building project. This project represents a critical investment in the safety, security, and future growth of Todd County.
2. This proposed facility would serve as a centralized hub for essential public safety services that include: Todd County Emergency Management, Todd County 911/Dispatch, Todd County Emergency Medical Services, City of Elkton Volunteer Fire Department, Todd County Zoning/Mapping Personnel as well as the City of Elkton and County Floodplain Coordinator position. Consolidation of these essential services in one location will significantly enhance inter-agency synchronization and coordination, as well as improve emergency response times ensuring more efficient deployment of County/City resources.
3. As Todd County continues to grow, we continue to face new challenges with old resources and are now responding to complex disasters and emergencies that necessitate new infrastructure to keep pace with our population density and new economic diversity. This proposed building would not only provide a modern, integrated emergency services facility, but would also provide space dedicated to each department and much needed updated communications systems and response technology.
4. I am appreciative of Todd County leadership for their forward-thinking on this much needed Public Safety Center-Joint Emergency Services Building and ask that you join us in making this project a reality. Your support on this project demonstrates a commitment to our community, improving its disaster preparedness, as well as recognizing the growth of our area and matching emergency services capability to keep pace. If I can be of assistance with any questions, please feel free to reach out.

Sincerely,

A handwritten signature in black ink, appearing to read "Ash E. Groves", is written over a horizontal line.
